

Welcome New Family!

On behalf of the Anne Arundel County Down Syndrome Connection, we welcome you and your family. The birth of a child with special needs often raises many questions and uncertainties. In addition, there are unique challenges that our children may face. It is our hope that through participation with this group, families will form connections, share information and also provide encouragement to each other which will make possible a parent's ability to hopefully help their children meet any challenged and reach their individual potential. Some additional benefits of getting involved with the group is the chance for your child to socialize with other children "like them" as well as an opportunity for siblings to have a forum to share and relate to other families. We are fortunate that Maryland has abundant and wonderful resources available so close to home.

If you have additional questions or are not quite sure what to do next, please feel free to contact us at 1-888-279-2279 and we will connect you with a New Parent Liaison who can help answer your questions. You can also send an email to ds-connection@comcast.net and please be sure to visit our website at www.downsyndromeconnection.com

Congratulations on the birth of your new baby. We look forward to hearing from you!

Sincerely,

Anne Arundel County Down Syndrome Connection
New Parent Outreach

The mission of the Anne Arundel County Down Syndrome Connection is to encourage, empower and embrace children and adults who have Down syndrome and their families.
